*Classicism and elegance distil for each of the veins of this majestic marble. Its naturalness and purity are the result of a creative and technological boast elevated to maximum expression, taking as inspiration a material artistically used by human beings since the 2nd century B.C., highly valued by Greek and Roman sculptors and architects and historically considered a symbol of power and distinction.*

*Clasicismo y elegancia destilan por cada una de las vetas de este majestuoso mármol. Su naturalidad y pureza son el resultado de un alarde creativo y tecnológico elevado a la máxima expresión, tomando como inspiración un material utilizado artísticamente por el ser humano desde el siglo II a. C., muy valorado por escultores y arquitectos griegos y romanos y considerado históricamente símbolo de poder y distinción.*
